Revised Planning Consent at Pinner

We are delighted to confirm that our revised planning consent has been granted by Harrow Borough Council for this luxury development of 5 bed family houses.

Our expert team of architects and planners has considerably improved on what was already a wonderful scheme in this exclusive location. We have now extended the houses on plots 3 and 4 to allow for larger kitchen - breakfast rooms, larger second bedrooms and larger garages. This now extenuates the quality of this one off development in Pinner.

Local estate agents are very excited about the prospect of these 5 bespoke homes coming on to the market, which is in desperate need for some new homes, especially of this quality and size.

Plans are available in the offices of Cosway Homes at this early stage, with full marketing details to follow.
